Nature, creativity, a love of whimsy and a passion for fairies take center stage in this fun-filled weekend!

Build a Fairy House!

Guidelines for building your Fairy House onsite:

1. Fairy Houses are set in a location close to the ground – be sure yours looks so natural it is almost hidden.
2. **Use only natural materials.** Dry grasses, leaves, sticks, pebbles, shells, bark off a fallen tree, milkweed pods, acorns, berries, gourds, miniature pumpkins and pinecones are just a few examples of materials to choose. Some materials will be available, but participants are encouraged to bring their own or forage in the woods surrounding the Fairy House Village. **(No glue, nails, or other such materials will be provided)**
3. Be careful not to use or disturb any of nature's materials that are still living, especially flowers, ferns, mosses, and lichen, unless they are attached to a rock or piece of bark. Fairies do not like to disturb or destroy anything that is growing in nature.
4. The Fairy House should be for a "fairy" but, it can be any style of architecture, i.e. a motel with units, a castle, a shopping area, restaurant with tables and chairs, a beach cottage, or anything your imagination conjures up.

Guidelines for building your Fairy House Prior to the event:

1. If you are transporting your Fairy House to the Ogunquit Playhouse Campus you may use hot wax, twine, nails and plywood (or similar base) to transport, **BUT, it must appear natural therefore none of these materials should be seen.** Fairy Houses should be dropped off the day before the event, Friday, July 17th between 3 & 5PM. To make other arrangements for delivery contact Jean Benda or Pamela Sawyer.

You are welcome to put your name on a 3 x 5 or 4 x 6 card by your Fairy House.
