Welcome to another incredible season of children's theater by the Ogunquit Playhouse Arts Academy!

Each summer, students come from across the region and country to create magic in our historic Colony building. Led by a team of professional artists and educators, our students learn nuanced and powerful techniques of acting, song, and dance, all in a fun and physical summer camp atmosphere. I'm so proud of these talented young people, who come here to build on their already impressive skills and push the boundaries of their comfort zones just a little bit more. I am constantly inspired by their talent, generosity and grace with one another.

Education was central to the Ogunquit Playhouse's beginnings. We're thrilled to continue that legacy and build the next century of arts education here in Ogunquit. The theater is a fantastic place to build confidence, practice collaboration, and foster creativity. In our increasingly dislocated age, it is a delight to spend time with a group of young people working to tell stories together. May we all remember that when we come together, we can create something greater than any of us could achieve on our own.

I'm so grateful that you have chosen to spend an hour of your summer here, sharing space with these incredible young people as they bring these powerful stories to life. Thank you for supporting the next generation of artists. Their work is tremendous and I am so glad you get to see it!

Enjoy the show!
